Password: **Quantum123**

Interactive Assist App

Reduce service visits with Interactive Assist, a diagnostic app from Quantum Rehab® that provides a direct, real-time connection from a power chair's electronics to a provider's programming station. The connection provides the technician with full system and diagnostics information along with tools, such as a real-time mirror image of the power chair's electronics display, to aid in eliminating wasteful trips.

ECON-I App

Configuration and diagnostics tool via iPad® and iPhone® for the Q-Logic 3 Advanced Drive Control System.

PQ-365 App

PQ-365 includes all the Pride Mobility® and Quantum Rehab® resources needed by providers and clinicians. The free, easy-to-use app helps busy professionals stay up to date with the latest information from Pride and Quantum and access all our content in one quick and convenient place.

Features include serial number and order number lookups, a quick-search option, 360-degree product views, fillable order forms, push notifications, consumer testimonials, news, events, specifications sheets, brochures, owner's manuals, installation instructions, basic operating instructions, and more. The app also includes access to the company's Learning Management System (LMS), which provides online and on-demand educational training for professionals.

In order to access protected areas of the app, you'll need a password (detailed below). These resources are reserved for Authorised Quantum and Pride stockists only. It should also be noted that one-time only passwords are required for ongoing access.
