Visual Story
MotoGP Grand Prix of Australia

Planning Your Visit

The Grand Prix takes place across a large outdoor circuit. Keep your ticket, event schedule and accessibility contact details available on your phone. The Island Pass accessible viewing platform has no weather cover, so prepare for sun, wind and rain.

Getting There

The pre-booked wheelchair-accessible coach leaves Southern Cross Coach Terminal 1 and arrives at Gate 3. Local event shuttles from Cowes, Ventnor, San Remo, Cape Woolamai, Rhyll and Silverleaves arrive at Gate 1 until 6pm. Some local routes use accessible buses.

Driving and Accessible Parking

From Melbourne, follow the M1, M420/B420 and Back Beach Road, then event signs to accessible parking outside Gate 7. Display your Australian Disability Parking Permit and Grand Prix accessible parking permit. Spaces are limited and allocated first-come.

Parking costs \$20 per day.

Arriving at the Circuit

The Accessible Services Office is outside the circuit near Gate 7. It opens 30 minutes before gates and closes 30 minutes afterwards. Staff can arrange the accessible shuttle, provide maps and accessibility information, and assist with limited wheelchair hire.

Getting Around the Circuit

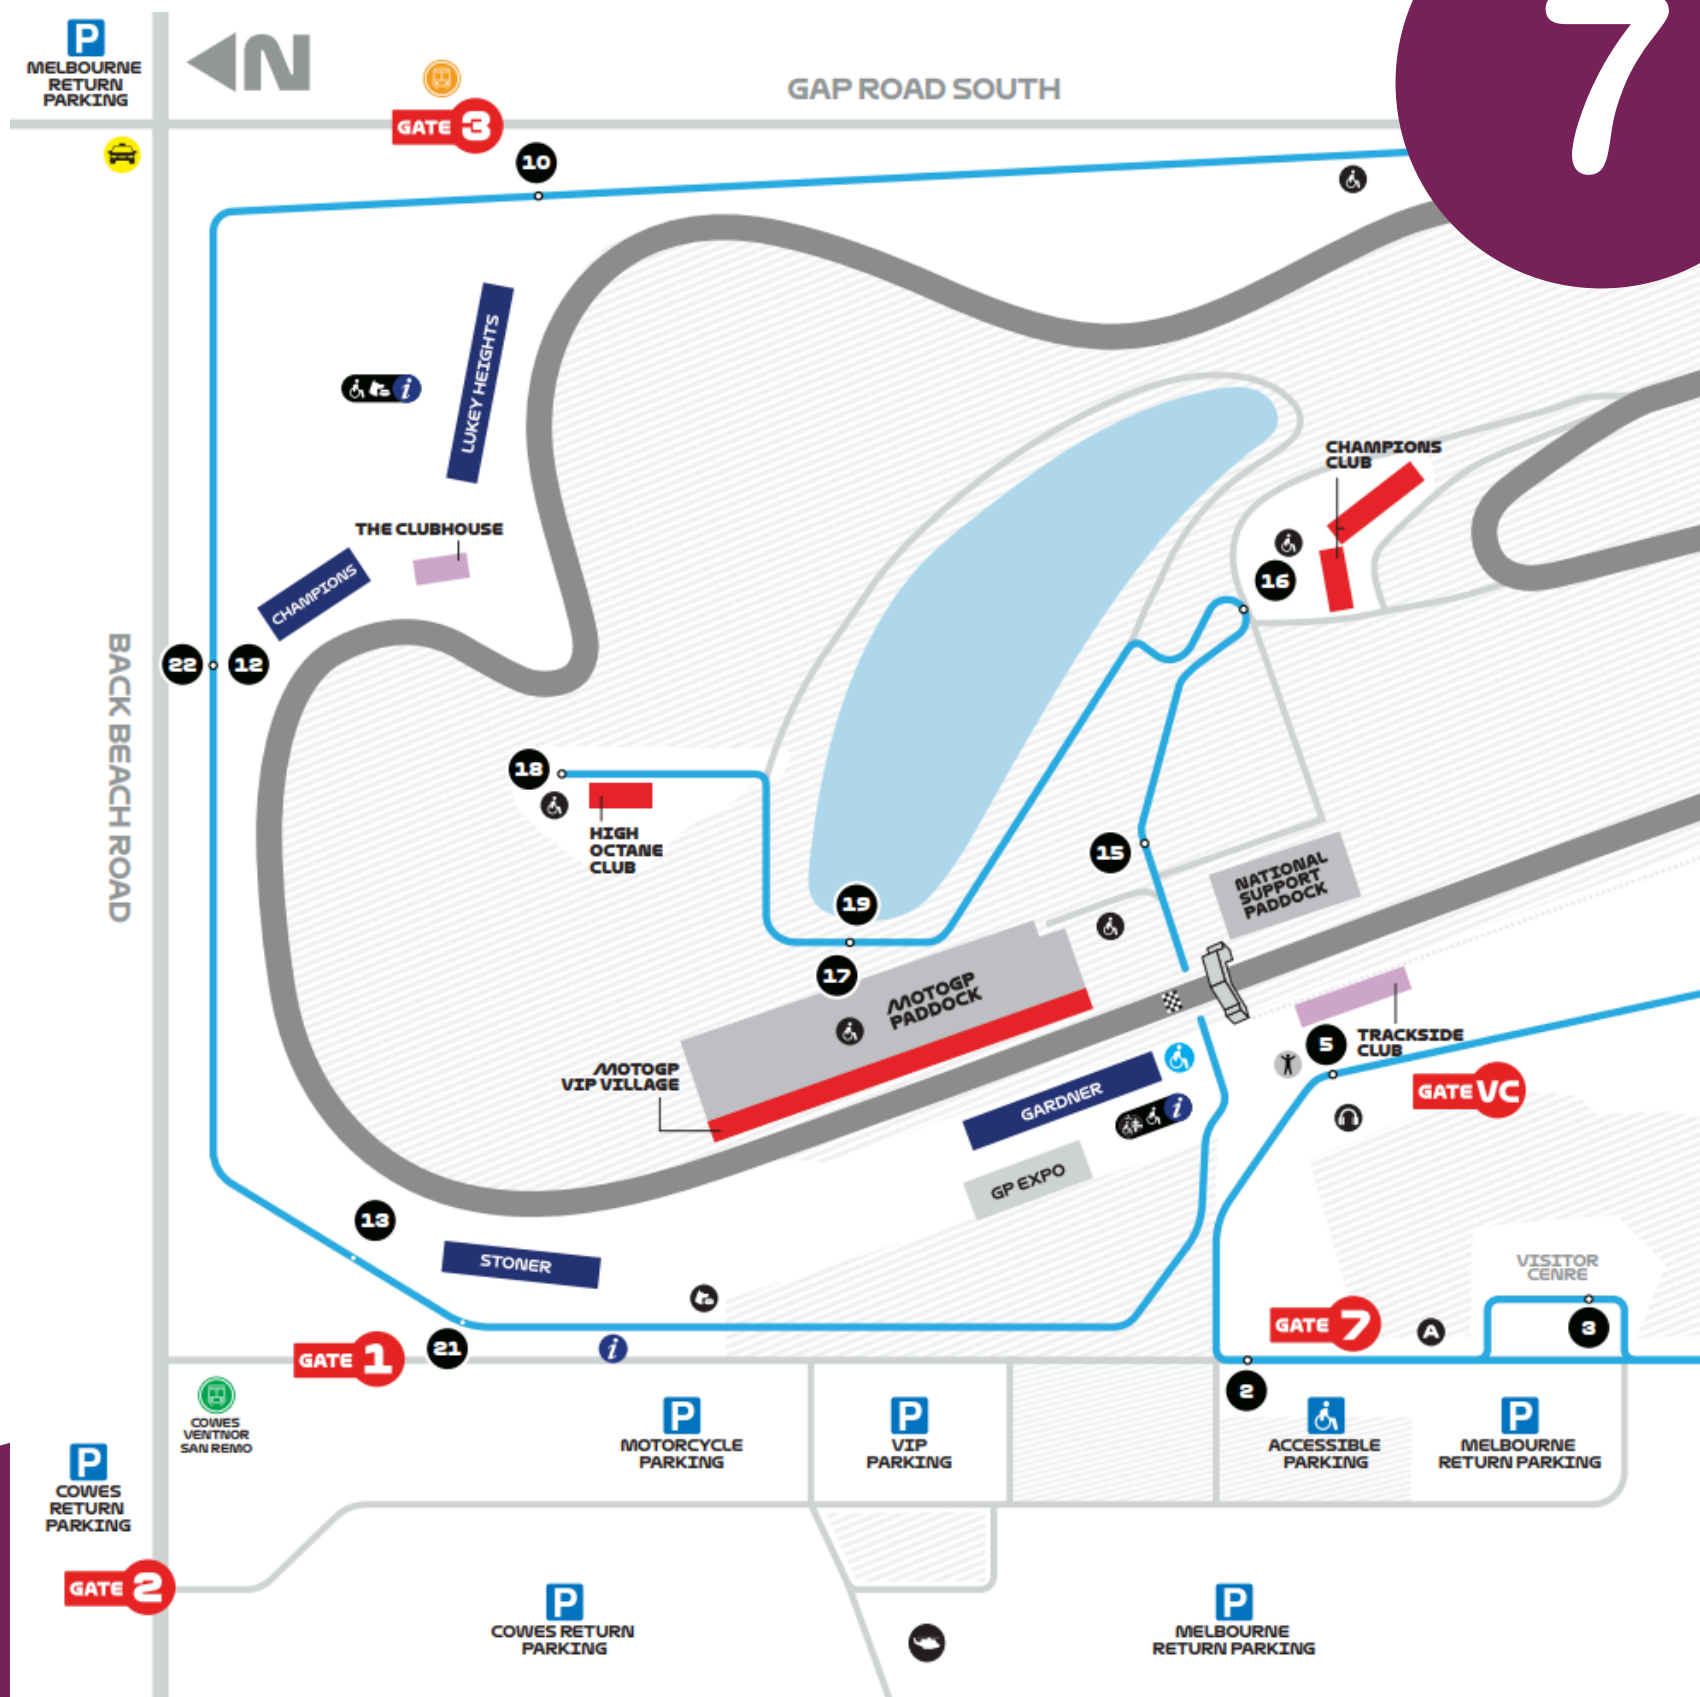

The circuit covers a large outdoor area. A free Wheelaway shuttle helps mobility device users travel between areas, with priority for wheelchair users and people using walking aids. Call 1800 133 320 to request collection. Infield access for visitors with limited mobility is available only by shuttle.

Accessible Viewing Areas

Gardner Straight Grandstand provides reserved accessible seating near Gate 7. Island Pass holders can use the nearby accessible platform with one companion on a first-come basis. It has no weather cover.

Accessible viewing is also available at the Main Stage and Lukey's Lawn.

Accessible Toilets and Marveloo

Accessible toilets are available near Gardner Straight Grandstand and the Island Pass accessible platform. Marveloo is behind the platform in Gardner Village, close to Gate 7. It includes an adult change table and ceiling hoist. Bring your own compatible sling to use the hoist.

Sensory and Communication Support

The soundproofed sensory room and multi-faith prayer room are near the event office after entering Gate 7. Staff recognise the Hidden Disabilities Sunflower. The Main Stage provides Auslan interpretation for Fan Forum and music sessions, while super-screens display closed captions.

Leaving the Circuit

Local event shuttles leave Gate 1 until 6pm. After 6pm, the Cowes Central evening service leaves from the Visitor Centre car park until midnight. Taxis depart Gate 3 and may involve long waits. Follow staff directions when returning to accessible parking.
